**NOTICE OF THE UNITED STATES POSTAL SERVICE AND CERTIFICATION  
PROVIDED IN RESPONSE TO COMMISSION ORDER NO. 3760**  
(May 2, 2017)

The United States Postal Service hereby provides its notice in response to Commission Order No. 3760 (issued January 26, 2017), along with a signed certification letter from the Postal Service Sales Department, included as Attachment A to this pleading. The Postal Service confirms that it has complied with the requirements of Order No. 661 for all Priority Mail—Non-Published Rates (PMNPR) agreements that took effect during FY 2017, Quarter 2. New PMNPR agreements with serial numbers ending 0259-0295 were timely filed during Quarter 2.<sup>1</sup>

As the Commission is aware, the Postal Service has been working through certain technical issues with producing timely contract term data reports arising out of the backlog of PMNPR agreements signed in FY 2016. On May 1, the Postal Service filed a separate pleading in this docket in response to Commission Order No. 3850, with the outstanding data reports for PMNPR agreements that expired prior to April 1, 2017,

---

<sup>1</sup> The Postal Service recently filed a notice for PMNPR-FY16-APR16-0298, which was signed in April 2016. Although it was in effect during FY 2017, Quarter 2, it was only recently discovered. That agreement was the subject of the Postal Service's Motion for Late Acceptance filed on April 14, 2017. The Commission granted the Postal Service's Motion in Commission Order No. 3878 (April 27, 2017).

along with a list of each agreement's termination date. The Postal Service expects the shift to quarterly data reporting for FY 2017, Quarter 3 will allow the Postal Service to file timely and reliable contract term data reports on a quarterly basis in the future.

Finally, the Postal Service respectfully submits the attached signed certification, certifying that the Postal Service Sales Department has identified all PMNPR agreements in effect during FY 2017, Quarter 2, to the Postal Service Law Department.

Respectfully submitted,
